

Drop Off Checklist & Information

This is just to help your dog have the most wagified experience possible.

Wag Central approved collar and leash

Flea and tick free dog, please check your pet prior to drop off.

Healthy

If your pet is experiencing vomiting, diarrhea, coughing, or any illness please do not bring them into daycare or boarding. If your pet has been ill within the last 30 days, please bring a letter of clearance or certificate of health from your veterinarian.

Food

Wag Central asks that you pre-portion each meal for your pet's stays in ziplock bags. Be sure to bring a few extra meals for unforeseen circumstances. Please include feeding instructions (example: add water, add one egg microwaved for 30 seconds, etc.) and clearly mark your pet's first and last name on each bag. If you are feeding raw, or adding toppers to kibble, package and label accordingly. If you forget your dog's food, you can purchase a bag from our retail store or choose to be charged a \$1 per cup of food per day for the duration of your dog's stay. Wag Central sells and serves Grandma Mae's Country Naturals. For example, if your dog eats 3 cups of food per meal, two times a day, the daily charge will be \$6.

Medications

Please bring these to Wag Central in original packaging, where we can see pet's first and last name and dose instructions. Also send enough for your pet's stay plus a few extra doses.

Items from home (boarding clients only)

Wag Central provides comfortable bedding for your pet's stay. However, to mimic the scents of home we accept a blanket or small personal item from the owner. Please note, Wag Central is not liable for the potential destruction or loss of these items. Dogs are also allowed to bring one toy, no rawhides or consumables. Antlers, kongs, etc. are permitted. Wag Central asks that daycare clients leave all personal items and toys at home.
